

# MOVE UNITED SANCTIONED COMPETITION

Sport has the power to change the world, pushing people further and bringing people closer. Through adaptive sports, people with disabilities get physically and mentally stronger, becoming their best selves. Competition builds character, developing in athletes the dedication, self-confidence and resilience that translate to all areas of their lives.

Move United Sanctioned Competitions represent the best adaptive multi-sport competitive events in the United States, and are sanctioned by both Move United and applicable National Governing Bodies

(NGBs). This sanction represents a commitment to follow national and, when applicable, international rules and to provide a safe, positive environment for participants, volunteers, officials, coaches and spectators. Annually, more than 20 sanctioned competitions in 18 states reach nearly 2,000 adaptive athletes of all ages and performance levels, including Paralympians and wounded warfighters.

Move United Sanctioned Competitions are an integral part of Move United's community-based adaptive sports movement, committed to leaving no one on the sidelines.
