ADAPTED TRACK & FIELD

WHO CAN PLAY
Anyone with a permanent physical disability can participate in adapted track and field events. Track and field events can be integrated into the school’s existing program.

OVERVIEW
VENUES: Students with physical disabilities compete at the same track and field venues as their able-bodied teammates and they are on the same team.
RULES: Students who participate must meet all State High School Association eligibility requirements. Specific rules for track and field events can be found online.
RECOGNITION: Student athletes with physical disabilities taking part in school track and field meets should receive scores for the events they take part in. Samples can be found online.
MODIFICATIONS: No modifications need to be made to the track. Heats may be added for wheelchair athletes and amputee athletes may be integrated to existing heats. For field events, throwing chairs can be used and anchored with tie downs. Students with physical disabilities can use racing wheelchair for track events and a manual, power or throwing chair for field events.
